2    2    # General-Info
3    3    This repository contains general information about the 2019 Charleston Digital Hub Hackathon, such as the schedule, map, and WiFi
          instructions. Each sustainable development goal will have an additional repository containing resources specific to it, such as
          the provided datasets, a description of the goal, and helpful website resources to aid in solution implementation.
4    4
5    5    ## Schedule
6    6
7    7    Saturday, February 23rd
8    8    Charleston Digital Hub - 2387 Clements Ferry Road, Charleston, SC 29492
9    9
10   10   | Time              | Details                                                           |
11   11   | :---------------- | ----------------------------------------------------------------- |
12   12   | 8:00 AM - 9:00 AM | Registration / breakfast                                          |
13   13   | 9:00 AM - 9:15 AM | Introductions                                                     |
14   14   | 9:15 AM           | Development begins                                                |
15   15   | 12:00 PM          | Lunch begins                                                      |
16   16   | 4:00 PM           | Warning to make sure teams are watching the time                  |
17   17   | 4:40 PM           | Warning to make sure teams have all code checked in               |
18   18   | 5:00 PM           | Development ends and dinner begins                                |
19   19   | 5:15 PM           | Project judging begins                                            |
20   20   | ~6:45 PM          | Project judging ends (tentative)                                  |
21   21   | ~7:00 PM          | Announce the winners in each project track                        |
22   22   | ~7:15 PM          | Final presentations begin                                         |
23   23   | ~8:00 PM          | Best in show winners announced                                    |
24   24
25   25   ## Map
26   26   ![](https://raw.githubusercontent.com/Hackathon2019/General-Info/master/Hackathon2019_Map.png)
27   27
28   28   ## Wifi Network
29   29   SSID: `hackathon2019`
30   30
31   31   Password: `BoozAllenHT2019`
32   32
33   33   ## Project Judging (First Round)
34   34   Your project will be judged across the following categories with the corresponding weight:
35   35
36   36   |  Category       | Weight |
37   37   | :------------- | :----: |
38   38   | Implementation | 15     |
39   39   | Creativity     | 10     |
40   40   | Data           | 10     |
41   41   | Impact         | 10     |
42   42   | X-Factor       | 5      |
43   43
     44 + [Complete Rubric](https://github.com/CharlestonDigitalHubHackathon/General-Info/blob/master/Rubric.pdf)
     45 +
44   46   Four rooms will be assigned for judging (see map to find rooms):
```

Room	Goal
Peanut Butter	Quality Education
Dev/Null	Affordable & Clean Energy
Situation	Climate Action
Eggs	Sustainable Cities & Communities

Outside of each room will be a schedule of when each team is assigned for judging. Generally, the number postfixed to your team name represents where your slot is in the schedule.

Teams will have 3 minutes to demo working code, followed by a 2 minute Q&A session with the judges.

Best in Show Judging (Second Round)

If your project wins the first round, your project will move onto the second round to determine best in show. This round will pit the winning project across the four categories against eachother in front of a panel of judges with a variety of experiences and backgrounds.

While the final round judges will have seen the rubric, we are asking them to consider each project using their backgrounds and insights to determine the one that best solves the issue at heart for the Sustainable Development Goal.

Additional Repositories

The following repositories contain information specific to each sustainable development goal. Please visit the one assigned to your team to download a copy of the challenge datasets, see more information about the goal, etc.

+ [Quality Education](https://github.com/charlestondigitalhubhackathon/Quality-Education)
+ [Affordable & Clean Energy](https://github.com/charlestondigitalhubhackathon/Affordable-and-Clean-Energy)
+ [Climate Action](https://github.com/charlestondigitalhubhackathon/Climate-Action)
+ [Sustainable Cities & Communities](https://github.com/charlestondigitalhubhackathon/Sustainable-Cities-and-Communities)

Questions?

Ask your question in the [#helpline](https://hackathon2019.slack.com/messages/CF4TJ01NU) channel on the Hackathon 2019 Slack.
